GOOD NEIGHBOUR

AFFORDABLE FENCING THAT ADDS STYLE, SECURITY AND PRIVACY

STYLE AND STRENGTH

Stratco Good Neighbour® Fencing is both strong and attractive. Its design allows clean and uncluttered lines to be enjoyed by neighbours on both sides of the fence. Good Neighbour's strength and style is achieved by using steel fence sheets that fit simply into profiled steel tracks and posts.

Available in a wide range of high fashion double-sided colours. Mix and match the colour of the fence sheets, tracks and posts, to suit any style or environment.

Good Neighbour fencing panels range from 900 to 1800mm high and 2350mm wide.

All the accessories you need to complete your Good Neighbour fence are available at Stratco. Accessories include post caps, and single and double gates.

COLOUR CHOICE

Stratco Good Neighbour fencing is available in a full spectrum of high fashion double-sided colours or as unpainted zinc/al. Mix and match the colours of the fence sheets, tracks and posts for an individual style.

DESIGN FLEXIBILITY

The modular nature of Good Neighbour fencing means that it can be used on flat sites or modified to suit sloped and undulating land. A special order for longer top and bottom tracks can allow for unusual designs. If the sheets are cut on-site, panels can be constructed to follow the contour of the land.

Accordingly, Stratco Good Neighbour fencing is perfect for side, rear and front fence applications and can also be used for garden screens or hiding compost areas.

Installing a Good Neighbour fence is the perfect DIY project. All the advice, tools and accessories that you need to complete your fence are available at Stratco.

EASY MAINTENANCE

Your Stratco Good Neighbour fence will maintain its good looks for even longer with a simple wash and wipe down using a soft broom.

Refer to the 'Selection, Use and Maintenance of Stratco Steel Products' brochure for more advice on maintaining your Good Neighbour fence.
